- Determining Eligible Students
 - i. All Title IV eligible students (based on completion of the Free Application for Federal Student Aid) were notified of the availability of National Holistic Institute’s Emergency Financial Aid grant application via text and email. The application requires students to actively confirm that they have or will incur expenses relating to the interruption of campus operations due to COVID-19. At the end of the application period, all yes students are to be awarded an Emergency Financial Aid Grant. Students who answered no on the application were contacted to confirm “No” response. Students who did not respond by the end of the application period are to be contacted by the Financial Aid office to confirm if they did (or expect to) incur expenses relating to the interruption of campus operations due to COVID-19. After the close of the application period, the accounting office will be provided a list of eligible recipients and checks will be processed/sent to students. The Financial Aid team at each campus will continue to monitor and reach out to those students who did not enter a response on the application by the deadline. These students may be awarded in a subsequent eligibility pool if funds are still available.

 - Determining Grant Amount
 - i. Award amounts were determined based on student population and student need.
7. Any instructions, directions, or guidance provided by the institution to students concerning the emergency financial aid grants are:
